

# Central Safety Group Meeting

December 2020

## Covid-19 and workplace safety

[Book Now](#)

**What:** What Covid-19 means for workplace safety

**Who:** Professor David Caple

**Details:** 2020 – what a year! Central Safety Group is wrapping it up with the subject that has had such an impact on our lives and work these past eight months.

Join Professor David Caple when he discusses Covid-19 and workplace safety via zoom on Tuesday 8 December at midday. David has been working on Covid-related projects with the healthcare and government sectors during the crisis.

He will reflect on the psychological and physical risks, ways these can be managed and what long-lasting impacts coronavirus could have on the workplace. He will then open the session for questions and discussion.

Participants are encouraged to join in and talk about what is being done in their own industry or workplace. It should be an interesting session!
