

Central Safety Group Meeting – Site Visit

July 2017

Backstage Safety at Arts Centre Melbourne

Book Now

What: Backstage safety

Who: Chris Hayes, Senior Manager, Venue Operations –Production, Arts Centre Melbourne

Details: Chris will take us on a special backstage tour at Arts Centre Melbourne and talk about their approach to risk management.

There are many unique and complex safety challenges in the live performance industry, ranging from high risk work of theatre rigging and powerful electrical lighting, to manual handling of heavy sets and working with children and animals.

Theatre safety management involves looking after the safety of entertainers, production teams and audiences. Chris believes there is a need for clearer universal standards and codes of practice in the industry and is working to have these established.
